# Thach Dong

💼 Front-end developer

🏠 Thu Duc, HCM city

✉️ thachdong270293@gmail.com

📞 0353 860 797

## ◎ About me

- I have 2.5 years of experiences in front-end development, include 2 years working with Reactjs and it ecosystem libraries.
- I familiar with development tool like Scrum.
- I realized that English is extremely important tool for growing programming skills, so I want to join team with english communication environment (my speaking skills is not good then i think that will helpfully for improving speaking).

## ✳ Skills

- Problem solving.
- Teamworking.

## ✳ Best practices coding:

- DRY code
- Maintain clear folder structure
- Addhere to naming convention
- Institute a Structured Import Order
- Employ reuseable hooks
- Always config library after use
- and so on ...

# 💼 Work Experience
